ALLIANCE CITY COUNCIL

REGULAR MEETING, TUESDAY, SEPTEMBER 18, 2014

STATE OF NEBRASKA)
)
 COUNTY OF BOX BUTTE) §
)
 CITY OF ALLIANCE)

The Alliance City Council met in a Regular Meeting, September 18, 2014 at 7:00 p.m. in the Board of Education Meeting Room, 1604 Sweetwater Avenue. A notice of meeting was published in the Alliance Times Herald on September 11, 2014. The notice stated the date, hour and place of the meeting, that the meeting was open to the public, and that an agenda of the meeting, kept continuously current, was available for public inspection at the office of the City Clerk in City Hall; provided the Council could modify the agenda at the meeting if it determined an emergency so required. A similar notice, together with a copy of the agenda, also had been delivered to each of the City Council Members. An agenda, kept continuously current, was available for public inspection at the office of the City Clerk during regular business hours from the publication of the notice to the time of the meeting.

Mayor Feldges opened the September 18, 2014 Regular Meeting of the Alliance, Nebraska City Council at 7:00 p.m. Present were Mayor Feldges, Council Members, Benzel, Lewis and Yeager. Also present were City Manager Cox, Assistant City Manager Waggener, City Attorney Shaver and Acting City Clerk Johnson.

- Mayor Feldges read the Open Meetings Act Announcement.
- A motion was made by Councilman Benzel, seconded by Councilman Lewis to excuse Councilman Seiler from the meeting due to being out of town.

Roll call vote with the following results:

Voting Aye: Yeager, Benzel, Feldges, Lewis.

Voting Nay: None.

Motion carried.

- The introduction of new City of Alliance Employees was the first agenda Item. Council welcomed Bailey Smith, Public Safety Dispatcher.

September 18, 2014

● The Consent Calendar was the next item to be addressed by Council. Councilman Benzel made a motion, which was seconded by Councilman Lewis to approve the Consent Calendar as follows:

1. Approval: Minutes of the Regular Meeting, September 2, 2014 and the Special Meeting, September 4, 2014.
2. Approval: Payroll and Employer Taxes for the period August 16, 2014 through August 29, 2014 inclusive: \$168,734.27 and \$11,878.35 respectively.

- Council proclaimed the week of October 5-11 as Fire Prevention Week with the following proclamation:

Proclamation

WHEREAS, the City of Alliance is committed to ensuring the safety and security of all those living in and visiting our City; and

WHEREAS, fire is a serious public safety concern both locally and nationally, and homes are where people are at greatest risk to fire; and

WHEREAS, home fires killed more than 2,300 people in the United States in 2012, according to the National Fire Protection Association (NFPA), and fire departments in the United States responded to 365,000 home fires; and

WHEREAS, working smoke alarms cut the risk of dying in reported home fires in half; and

WHEREAS, three out of five home fire deaths result from fires in properties without working smoke alarms; and

WHEREAS, in one-fifth of all homes with smoke alarms, none were working; and

WHEREAS, when smoke alarms should have operated but did not do so it was usually because batteries were missing, disconnected, or dead; and

WHEREAS, Alliance residents should install smoke alarms in every sleeping room, outside each separate sleeping area, and on every level of the home; and

WHEREAS, Alliance residents should install smoke alarms and alert devices that meet the needs of people who are deaf or hard of hearing; and

September 18, 2014

WHEREAS, Alliance residents who have planned and practiced a home fire escape plan are more prepared and will therefore be more likely to survive a fire; and

WHEREAS, Alliance first responders are dedicated to reducing the occurrence of home fires and home fire injuries through prevention and protection education; and

WHEREAS, Alliance residents are responsive to public education measures and are able to take personal steps to increase their safety from fire, especially in their homes; and

WHEREAS, the 2014 Fire Prevention Week theme, "Working Smoke Alarms Save Lives: Test Yours Every Month!" effectively serves to remind us that we need working smoke alarms to give us the time to get out safely.

THEREFORE, I Fred Feldges Mayor of Alliance do hereby proclaim October 5-11, 2014 as:

FIRE PREVENTION WEEK

throughout this city, and I urge all the people of Alliance to test their smoke alarms at least every month by pushing the test button, and to support the many public safety activities and efforts of Alliance's fire and emergency services during Fire Prevention Week 2014.

The proclamation was presented to City of Alliance Firefighter Al Lorensen.

- The second reading of Ordinance No. 2764, which will amend the Alliance Municipal Code regarding regulations for peddlers and solicitors was the next agenda item. Council was provided with the following background information:

[The City of Alliance recently issued several Peddlers Licenses to individuals selling alarm systems to local residents by going door to door. The company involved has been conducting sales over the past several years and the City has received complaints regarding the tactics used to sell the systems and possible misrepresentations by the salesmen. As a prerequisite of issuing a permit, the City would like to ensure that Staff has the authority to conduct background checks on the peddlers for the protection of the public by ensuring the applicants are found to be persons of good moral character.

The proposed new language to be inserted within the Municipal Code is shown using the redline method in the attached document. Legal has also suggested one additional change in the new language, which is to remove "in business dealings" following "persons of good moral character."]

A motion was made by Councilman Benzel, seconded by Councilman Yeager to approve the second reading of Ordinance No. 2764 which Acting City Clerk Johnson read by title and follows in its entirety.

ORDINANCE NO. 2764

AN ORDINANCE PERTAINING TO PEDDLERS AND SOLICITORS AND
AMENDING SECTION 18-248; PROVIDING FOR AN EFFECTIVE DATE AND

September 18, 2014

REPEALING EXISTING PROVISIONS OF THE ALLIANCE CODE NOT CONSISTENT WITH THIS ORDINANCE.

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF ALLIANCE, NEBRASKA:

SECTION 1. Section 18-248 of the Code of Ordinances of the City of Alliance, Nebraska is hereby amended to read as follows:

Sec. 18-248. License required, fees, application.

No person shall deal as a solicitor or peddler as defined by this division without having procured a license as herein required, and no two or more persons shall deal under the same license as partners, agents, or otherwise. The license fee for a solicitor or peddler shall be as established by the city. The application for license shall be submitted to the city manager's office at least five days prior to the date of any solicitation or sale, and shall state the name of the applicant, permanent address for himself and the name and address of the person, firm or corporation represents, the nature and character of the property to be sold, whether sells and delivers the property directly to the purchaser, or whether solicits or takes orders for it by carrying samples or catalogs, the manner in which intends to make contact with the customers, and how intends to operate within the city.

Upon receipt of such application, the city manager or his designee shall cause the police chief to conduct such investigation of the applicant's moral character to be made as it deems necessary for the protection of the public with whom the applicant may deal. If, as result of such investigation, the applicant is found to be a person who is of good moral character in business dealings, the police chief shall authorize the issuance of a permit, through the City Clerk, who shall, upon payment of the prescribed permit fee, deliver the permit to the applicant. Such permit shall contain the signature of the issuing officer and shall show the name and address of the applicant, the kind of goods permitted to be sold thereunder, the amount of fee paid, the date of issuance and the length of time the permit shall be operative, and the license number and other identifying description of any vehicle used in such peddling. The Clerk shall keep a permanent record of all permits issued.

SECTION 2. This ordinance shall be in full force and effect from and after its approval, passage, and publication according to law.

Roll call vote to approve the second reading of Ordinance No. 2764 with the following results:

Voting Aye: Feldges, Benzal, Lewis, Yeager.

Voting Nay: None.

Motion carried.

September 18, 2014

- The third reading of Ordinance No. 2758, which will approve amending the Alliance Municipal Code relating to communication antennas was the next matter before Council. The following background information was provided to Council:

[The Alliance Planning Commission at their regular meeting June 10, 2014 recommended the proposed changes to the Alliance Municipal Code, Chapter 19, Article 2 regarding communication antennas. Community Development Director Brent Kusek noticed inconsistencies in the Communication Antennas Code between zoning districts. Some districts allow towers as a use by right but are restrained by setback and height limits. Other districts allow them by Conditional Use Permits in which setbacks and height restrictions are established as part of the conditional use. The proposed revised code has been changed to show consistency by requiring a Conditional Use Permit in every zoning district and outlining the steps the developer is required to complete in order to construct a tower or communication antenna. The motion recommended by the Alliance Planning Commission did not change the zoning districts where towers and communications equipment are allowed. There are no provisions for towers and communications equipment in Residential zoning except in Rural Residential, as it is now.

The proposed code also updates certain items that have changed within the City since the existing code was enacted. This includes the removal of technical specifications that would be found in the design of a tower or antenna. The City requires engineered drawings of such structures and over time the existing code could specify technical details which are out-of-date. The code also removes references to the electrical inspector, as the City no longer has such a position with all electrical inspections and plan reviews being completed by the State of Nebraska Electrical Division.

The Alliance City Council had a discussion of the proposed draft at the July 15th regular meeting. Staff was asked to research and change certain components of the code based on Council's suggestions and return to Council with clarification and revision. Following the approval of the first and second readings of the Ordinance, the old language which was stricken out has been removed and the proposed new language is reflected.]

A motion was made by Councilman Lewis, seconded by Councilman Benzel to approve the third reading of Ordinance No. 2758 , which was read by title by Acting City Clerk Johnson and follows in its entirety.

ORDINANCE NO. 2758

AN ORDINANCE PERTAINING TO COMMUNICATION ANTENNAS AND AMENDING SECTIONS 109-21 THROUGH 109-35, AND SECTIONS 115-96 THROUGH 115-110; PROVIDING FOR AN EFFECTIVE DATE AND REPEALING EXISTING PROVISIONS OF THE ALLIANCE CODE NOT CONSISTENT WITH THIS ORDINANCE.

September 18, 2014

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF ALLIANCE, NEBRASKA:

SECTION 1. Sections 109-21 through 109-32 and Sections 115-96 through 115-110 of the Code of Ordinances of the City of Alliance, Nebraska are hereby amended to read as follows:

Sec. 109-21. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

ANSI means the American National Standards Institute.

Antenna means the outdoor portion of the equipment used for receiving or transmitting communications signals to or from space and includes all tower, pole, mast, roof or ground supported apparatus including satellite earth station dish antennas.

Antenna Contractor means any person, firm or corporation engaged in the erection, maintenance, repair, of any type of antenna used in communications and doing such work for a fee.

Antenna Support Structure is any building or structure other than a tower which can be used for location of telecommunication facilities.

Applicant means any person that applies for a Conditional Use Permit to install a tower, telecommunications facilities, or antenna.

Application means a process by which the owner of a tract of land within the zoning jurisdiction of the City submits a request to develop, construct, modify, or operate a tower upon said tract of land. The term includes all written documents, verbal statements, and representations, in whatever form or forum, made by an applicant to the City concerning the request.

Community Development Department means the department or designee responsible for the administration of the City of Alliance Municipal Building and Zoning Code.

Engineer means a person who is licensed as a professional engineer by the State of Nebraska on the basis of education, experience, and examination, as being licensed in a specific discipline or branch of engineering study signifying the field in which the professional engineer has demonstrated competence.

Height means the overall vertical distance of the antenna systems uppermost appurtenance above ground level adjacent to the antenna support.

Owner means a person with fee simple title or leasehold to any tract of land within the zoning jurisdiction of the City who desires to develop, construct, modify, or operate a tower upon the tract of land.

September 18, 2014

Satellite earth station antenna means any conforming earth station antenna two meters or less in diameter and subject to the restrictions in Section 109-24.

Stealth means a telecommunications facility, tower, or antenna which is designed to enhance compatibility with adjacent land uses, including, but not limited to, architecturally screened roof-mounted antennas, antennas integrated into architectural elements, and towers designed to look other than like a tower such as light poles, power poles, and trees.

Telecommunications Facilities means any cables, wires, lines, wave guides, antennas, or any other equipment or facilities associated with the transmission or reception of communications which a person seeks to locate or has installed upon or near a tower or antenna support structure. Telecommunications Facilities does not include:

(a) Any conforming commercial earth station antenna two meters in diameter or less which is located in the City's commercial or industrial zones.

(b) Any earth station antenna one meter or less in diameter, regardless of zoning applicable to the location of the antenna.

Tower means a self-supporting lattice, guyed, or monopole structure constructed from grade which supports telecommunications facilities.

Tower Owner means any person with an ownership interest of any nature in a proposed or existing tower following the issuance of a Conditional Use Permit.

Sec. 109-22. Area of Jurisdiction.

The regulations within this article are effective within the corporate limits of the city and within the two mile extra jurisdictional territory adjacent thereto as provided by statute.

Sec. 109-23. Codes supplemental to this article.

The city's zoning regulations and building codes are hereby adopted as a part of this article as a minimum standard.

Sec. 109-24. Satellite earth station antennas.

(a) In any A, C-1, C-2, C-3, M-1, M-2, M-3 or their equivalent planned district, such station may be located anywhere on the lot or building thereon, provided the location of the station shall comply with all setback and height restrictions of the district. If such zone abuts a residential or C-0 district, the satellite earth station shall be set back ten feet from the side lot lines and effectively screened by a solid wall, fence, or hedge.

(b) In any Residential or C-0 zoning, or their equivalent planned district, such stations shall be located only behind the front yard building setback line and not be less than five feet from any other lot line. If a usable satellite signal cannot be obtained in the rear or side yard, the antenna may be placed on the roof of the main or accessory building. Such a roof mounted satellite antenna shall comply with the height and requirements of the zone in which it is installed.

September 18, 2014

(c) Not more than one satellite earth station shall be allowed per residential unit on any lot.

(d) Except for commercial or public broadcasting systems, no form of advertising is allowed on the dish or framework other than the manufacturer's identification.

Sec. 109-25. Location of towers, telecommunications facilities, and antennas.

(a) Towers, telecommunications facilities, and antennas shall be permitted by Conditional Use Permit in every zoning district except for R-1, R-1a, R-2, R-3, R-4, or R-5 and their equivalent Planned Districts.

(b) No person shall develop, construct, modify, or operate a tower, telecommunication facilities, or antennas upon any tract of land within the zoning jurisdiction of the City prior to approval of its application for a Conditional Use Permit by the City Council and issuance of a building permit by the City.

(c) All towers, telecommunications facilities, and antennas constructed within the zoning jurisdiction of the City after approval and adoption of this article shall conform to the Building Code and all other construction standards set forth in the Municipal Code, federal and state law, and applicable ANSI standards. Upon completion of a tower, telecommunications facilities, or antennas and prior to the commencement of use, an engineer's certification that the tower is structurally sound and in conformance with all of the aforementioned applicable regulatory standards shall be filed with the Community Development Department.

Sec. 109-26. Application to develop a tower, telecommunication facilities, or antenna.

Prior to commencement of the development or construction of a tower, telecommunication facilities, or antenna, an application must be submitted to the City's Community Development Department for a Conditional Use Permit and shall include the following requirements:

(a) The name, address, and telephone number of the owner and if applicable, the lessee of the tract of land upon which the tower, telecommunications facilities, or antenna is to be located. Applicants shall include the owner of the tract of land and all persons having an ownership interest in the proposed tower, telecommunications facilities, or antennas. The application shall be executed by all applicants.

(b) The legal description of the tract of land on which the tower will be located.

(c) The names, addresses, and phone numbers of all owners of record of other towers, telecommunications facilities, or antennas, or usable antenna support structures within a one quarter mile radius of the location of the proposed tower, telecommunications facilities, or antenna, including those which are publicly and privately owned.

September 18, 2014

(d) An affidavit attesting to the fact that the applicant has made diligent, but unsuccessful efforts to obtain permission to collocate the applicants telecommunications facilities on a tower or usable antenna support structure within one quarter mile radius of the proposed tower location or written technical evidence from an engineer that the applicants telecommunications facilities cannot be installed or collocated on another support structures within one quarter mile radius of the proposed location.

(e) Written technical evidence from an engineer that the proposed telecommunications facilities, or antennas will meet the Municipal Code, all other construction standards set forth by the City Code and federal and state law and applicable ANSI standards.

(f) The applicant must provide certification that the tower and its proposed installation has been designed and engineered by professionals licensed in the structural engineering discipline.

(g) Color photo simulations showing the proposed location of the tower, telecommunications facilities, or antenna with a photo-realistic representation of the proposed tower, telecommunications facilities, or antenna as it would appear viewed from the nearest residential zoned property and the nearest roadway, street, or highway.

(h) Descriptions and diagrams of the proposed tower, telecommunications facilities, and/or antenna, manufacturers literature, appurtenances such as buildings, driveways, parking areas, fences or other security enclosures with sufficient detail to allow persons reviewing the application to understand the kind and nature of the proposed facilities.

(i) If the Conditional Use Permit is approved, an application for a building permit shall be submitted.

Sec. 109-27. Permits.

(a) It shall be unlawful for any person to install, repair, or maintain, either as owner or agent for the owner or as an independent dealer or contractor, any tower, telecommunications facilities, or antenna, without first obtaining a permit from the City Manager or Designee.

(b) Notwithstanding anything herein to the contrary, minor repairs or maintenance to any tower, telecommunications facilities, or antenna may be made without the necessity of a permit as may be determined by the Building Inspector.

(c) Building Permit Information. Application for permits must made be made upon forms provided by the Community Development Department and shall contain the following information.

- (1) The name and address of the owner.
- (2) The name and address of the installer.
- (3) Whether or not the work done is a new installation or a repair.
- (4) The type of antenna.

September 18, 2014

(5) The cost of the project.

(d) A permit and inspection fee shall be paid at the time the permit is issued. The fee schedule has been set by Resolution 09-24.

(e) Inspections. The City reserves the right to conduct an inspection of towers, antenna support structures, telecommunications facilities, or antennas upon reasonable notice to the owner or operator to determine compliance with this subchapter and to prevent structural and equipment failures and accidents which may cause damage, injuries, or nuisances to the public. Inspections may be made to determine compliance with the Building Code and any other construction standards set forth in the City Code, federal and state law, or applicable ANSI standards.

Sec. 109-28. Contractors.

(a) It shall be unlawful for any person to engage in or work at the business or trade of tower, communications facilities, or antenna construction, repair, or maintenance, without first applying for and receiving from the City a Limited and Specialty contractor's license.

(b) The fee for a Limited and Specialty contractor's license shall be as established by the City. The fee for said contractor's license shall be paid to the City Treasurer at the time of filing the application for the same and shall be refunded in case the City Council declines the approval of said application. No such license shall be issued unless the applicant first presents to the City Clerk a certificate of insurance, demonstrating that the applicant and his/her employees, agents, and subcontractors are covered by liability insurance with policy limits of no less than \$1,000,000 USD for the period of the license.

(c) The Limited and Specialty contractor's license term shall be valid and extend for 12 months from and after May 1st of each year, expiring on April 30th of the following year unless sooner revoked by the City Council.

Sec. 109-29. Setbacks and separation or buffer requirements; illumination.

(a) All towers, telecommunications facilities, or antennas shall be setback on all sides, the distance required of the principal structure as required by the underlying zoning districts regulations or 40% of the towers height whichever is greater. The height of a tower, telecommunications facilities, or antenna shall be measured from the grade at the foot of the base pad to the top of any such tower, telecommunications facilities, or antennas attached thereto. Setback requirements shall be measured from the base of the tower, telecommunications facilities, or antenna to the property line of the tract of land on which it is located.

(b) Towers, telecommunications facilities, or antennas exceeding 100' in height must be separated from all residential zoned districts by a minimum of 200' or 100% of the height of the proposed tower, whichever is greater.

(c) Towers must meet the following separation requirements from other towers:

September 18, 2014

- (1) Monopole tower structures shall be separated from all other towers, whether monopole, self-supporting lattice, or guyed, by a minimum of 750 feet.
- (2) Self-supporting lattice, or guyed towers shall be separated from all other self-supporting lattice, or guyed towers by 1500 feet.

(d) Towers, telecommunications facilities or antennas shall not be artificially lighted except as required by the Federal Aviation Administration (FAA). In cases where there are residential zoned properties located within a distance of 300% of the height of the tower, any tower, telecommunications facilities, or antenna subject to this section shall be equipped with dual mode lighting.

Sec. 109-30. Other requirements.

(a) *Security and fences.* All self-supporting lattice or guyed towers, telecommunications facilities, or antennas shall be enclosed within a security fence or other structure designed to preclude unauthorized access. Monopole towers shall be designed and constructed in a manner which will preclude to the extent practical, unauthorized climbing of the structure.

(b) *Landscaping.* All tracts of land on which towers, antenna support structures, telecommunications facilities, and/or antennas are located shall be subject to the landscaping requirements of the City.

(c) *Exterior and Finish.* Towers, telecommunications facilities, or antennas not requiring FAA painting or marking shall have an exterior finish which enhances compatibility with adjacent land uses, subject to review and approval by the City Council as part of the application process. All towers, telecommunications facilities, or antennas which must be approved as a Conditional Use shall be of stealth design unless stealth features are impractical or the cost of the features represents undue burden based on the applicant.

(d) No owner of any tower, telecommunications facility, or antenna shall act to exclude any other owner from using the same tower, telecommunications facility, or antenna and shall cooperate in good faith to achieve collocation of telecommunication equipment.

Sec. 109-31. Existing facilities.

(a) *Maintenance.* The towers, antenna support structures, telecommunications facilities, and antennas shall be, at all times, kept and maintained in good condition, order and repair so that the same does not constitute a danger to the life or property of any person or the public.

(b) *Maintenance, repair, or modification of existing towers.* All towers, telecommunications facilities, or antennas constructed or are under construction on the date of adoption of this article may continue in existence as a non-conforming structure and maybe maintained or repaired without complying with the requirements of this section. Nonconforming structures or uses may not be enlarged or the degree of nonconformance

September 18, 2014

increased without complying with this article, including applying for and obtaining a Conditional Use Permit. Any modification or reconstruction of a tower constructed or under construction on the date of the adoption of this article shall require compliance with the requirements of this article including applying for and obtaining a Conditional Use Permit. The application shall describe and specify all items which do not comply with this article and may request, subject to the approval by the City Council, an exemption from compliance as a condition of the Conditional Use Permit.

(c) *Abandonment.* If any tower, telecommunications facilities, or antenna shall cease to be used for a period of one year, the Community Development Department shall notify the owner that the site will be subject to a determination by the City Manager or his or her designee that the site has been abandoned. Upon issuance of a notice to show cause by the City Manager, the owner shall have thirty days to show by a preponderance of the evidence that the tower, telecommunications facilities, or antenna has been in use or under repair during the period of apparent abandonment. In the event the tower owner fails to show that the tower, telecommunications facilities, or antenna has been in use or under repair during the relevant period, the City Manager or his or her designee shall issue a final determination of abandonment of the site and the owner shall have 75 days thereafter to dismantle and move the tower, telecommunications facilities, or antenna. In the event the tower, telecommunications facilities, or antenna is not dismantled and moved, it may be declared a public nuisance by the City Manager or his or her designee, a written request shall be directed to the City Attorney to proceed to abate the public nuisance pursuant to the Municipal Code, and charges the costs thereof may be assessed against the real estate on which the tower is located or a civil action against the owner of record of real estate for the cost may be instituted by the City.

Sec. 109-32. Liability.

The owner of any tower, telecommunications facilities, or antenna within the City jurisdiction shall assume liability for personal injury or property damage to their own person or property or to the person or property of another caused by such tower, telecommunications facilities, or antenna or the malfunction of the same.

Secs. 109-33—109-58. Reserved.

Sec. 115-96. District A, exclusive agriculture.

- (a) *Scope and intent.* This section applies to district A. The intent of this district is to recognize the transition between agricultural uses of the land and communities; to encourage the continued use of that land which is suitable for agriculture, but limit any land uses that may be a detriment to normal community expansion.
- (b) *Permitted uses.*
- (1) Farm/ranch.
 - (2) Tree nurseries and nonretail greenhouses associated with a farm operation.
 - (3) Solar collectors as part of the farm/ranch operation or homestead.

September 18, 2014

- (4) One-family dwelling, including a mobile home, as a primary or secondary residence if inhabited by a person or persons directly engaged in the agricultural production of the property.
 - (5) Grazing of livestock as part of a farm/ranch operation.
- (c) *Conditional uses.*
- (1) Auto salvage and junk yards, providing that no burning of waste material shall be permitted, and the entire storage or salvage yard shall be screened with a solid fence or wall not less than eight feet in height.
 - (2) Cemeteries, mausoleums, or crematories for the disposal of the human dead.
 - (3) Golf driving ranges, commercial or illuminated.
 - (4) Gun clubs, skeet shoots or target ranges.
 - (5) Mines or quarries, including the removing, screening, crushing, washing or storage of ore, sand, clay, stone, gravel or similar materials; provided however, that no conditional permit shall be issued until and unless the location, site plan, and method of operation, including necessary structures, have been submitted to and approved in writing by the council after report from the planning commission.
 - (6) Towers, telecommunications facilities, and antennas as permitted in chapter 109.
 - (7) Reservoirs, wells, towers, filter beds, or water supply plants.
 - (8) Riding stables and tracks.
 - (9) Sewage, refuse, garbage disposal plants or sanitary landfills.
 - (10) Buildings, structures, and premises for public utility services, or public service corporations, which buildings or uses the council, after report of city planning commission, deems reasonably necessary for public convenience or welfare.
 - (11) Wind-driven electric generators with prior approval of the city electrical engineer.
 - (12) Irrigation wells and associated buildings and equipment, customarily incidental to the principal use of the property, only if approval is granted by the water superintendent.
- (d) *Performance standards.*

September 18, 2014

(1) *Area and bulk regulations.*

Use	Minimum Lot Size (acres)	Minimum Lot Width	Minimum Number of Dwelling Units	Setbacks (feet)				Maximum Height (feet)	Maximum Building Separation (feet)
				Front	Rear	Side	Side Street		
Farm/ranch	<u>10</u>	N/A	1*	50	N/A	<u>10</u>	50	N/A	N/A
Dwelling	<u>10</u>	N/A	1*	50	N/A	<u>10</u>	50	N/A	N/A

*See permitted use description.

(2) *Permitted accessory uses.*

- a. Buildings and uses customarily incidental to the permitted and conditional uses listed in this section.
- b. Temporary buildings and uses incidental to construction work which shall be removed upon completion or abandonment of the work.
- c. Home occupations in conformance with section 115-171
